

DRYTAC[®]

INTRODUCING THE JM54 SHA

JETMoulder[™]

The JetMoulder[™] motorised laminator series is engineered by Drytac to deliver a combination of performance and value unequalled in the finishing industry. Compatible with any pressure sensitive overlaminating film, JetMoulders are also ideal for permanently mounting graphics onto cardstock, foam board, MDF rigid PVC board and many others.

In addition to the standard features offered by all JetMoulder electric models, including variable speed electric drive, silicone rollers, all-steel construction, forward & reverse, supply shaft, foot pedal and photo-electric safety stop, the JM54 SHA model offers a number of additional features:

- **Single height adjuster** to set even pressure more easily
- **LCD pressure gauge display** allows greater control over the process
- **Detachable media-feed tray** enables clean and safe loading of media to be laminated

TECHNICAL SPECIFICATIONS

Max Laminating Width	1344mm (54.50")
Width:	1791mm (70.5")
Depth:	480mm (19")
Height:	480mm (19")
Weight:	150kg (331lbs)
Roller Diameter:	127mm (5")
Max Nip Opening:	25mm (1")
Power:	50W
Speed Range:	0.9-3.0mpm (2-10fpm)
