The essentials of imaging

magicolor 7300

23

The magicolor 7300 raises standards for high performance colour laser printing. It offers exceptional productivity and quality with a low cost of ownership; making it the obvious choice for anyone needing to produce high volumes of colour documents on-demand.

Stunning Quality

Outstanding quality is achieved through Konica Minolta's Polymer Toner and Photo ART[™] imaging technologies. Especially engineered Polymer Toner reduces the size and increases the consistency of toner particles, compared to conventional manufacturing techniques. This enables Photo ART[™] technology to print more detailed digital-images, sharper text and smoother colour transitions, by increasing control over the number of colours the printer can print at each pixel on the page.

Exceptional Performance

The magicolor 7300 uses a true laser system to print 21 full colour A4 pages, or 11 A3 pages per minute no matter which quality mode is selected. Allowing production of premium quality documents on demand with little effort. Adding a duplexer for automatic double-sided printing, presents users with the opportunity to produce a broad assortment of documents, saving both time and money compared to outsourcing.

BASICS

Print speed

- 21 ppm A4 11 ppm A3 full colour
- **Control Panel**
- Easy to operate control panel

Compatibility

Windows 95/98/Me/NT4/2000/XP, Macintosh OS9x and OSX, Linux

Memory

256 Mb standard upgradeable to 512 Mb

Interfaces

PC/Mac: Ethernet (10/100BaseTX) PC; USB & Parallel 'Plug and Play' Compatible

Paper size and input capacity

A3+, A3 and A4 2 standard input trays of 250 and 500 sheets

Reliability, speed and excellent quality colour printing, at affordable prices.

EDNord - Istedgade 37A - 9000 Aalborg - Telefon 9633 3500

OPTIONS

Duplex unit

Automatic two-sided printing, including manual paper feeder

Hard Disk drive

Used for forms storage, job spooling, accounting, collation, storage of colour profiles and direct PDF printing.

Service options

Service options are available to extend the on-site warranty of your printer

Lower Feeder Units

.....

500 sheets capacity in each, up to 2 lower feeder units can be added to the printer at any time.

Printer Cabinet

The printer cabinet makes the printer floor-standing, thus eliminating the need to place it on a desk. It also provides handy storage space for paper and consumables.

Highly Dependable

Innovative engineering and a robust design ensure reliability and durability. The magicolor 7300 has been built to the standards of excellence that have made Konica Minolta one of the largest manufacturers of printers and copiers in the world.

Great choice for Business

With a low purchase price combined with the speed, quality and low cost per page, the magicolor 7300 offers excellent value to business users that need reliable high volume on-demand digital printing.

Konica Minolta printers and

consumables, a perfect match! The magicolor 7300 uses polymer toner to give the very best print quality. Polymerised toner technology not only gives greater control over the particle size of the toner, it facilitates better control over colour and a cleaner printing process, resulting in better quality prints and a cleaner and more reliable printer.

Exercise your options

The magicolor 7300 also has low cost options to increase the printer's paper capacity and allow automatic double sided printing. Full details of these with service and consumable options can be found at http://printer.konicaminoltaeurope.com/ configurator with current list pricing.

magicolor 7300

TECHNICAL DATA

Printing Process Print Method: Electrophotographic laser Print Speed:

Colour/Monochrome: Up to 21 ppm A4, up to 11 ppm A3 First page out: 16 seconds monochrome and colour Resolution: 600 x 600 dpi Photo ART™ con-tone Recommended Duty Cycle: Up to 80,000 prints/month

Hardware and Software Capabilities Processor type: PowerPC 405, 266 Mhz

Memory: 256 Mb RAM Upgradeable to 512 Mb RAM Internal IDE Hard Disk: (optional) Fonts and forms storage, job spooling, accounting, direct PDF spooling and collation - up to 30 GB supported

Printer Emulations

Standard: PostScript 3; Optional: PDF 1.3 (Hard Disk required)

Colour Support

SWOP, Commercial and Eurocolor, Built-in Colour Rendering Dictionaries; PANTONE® Colour tables

Interface Support PC/Mac Interfaces supports: Ethernet (10BaseT/100BaseTX), PC only Interfaces supports: IEEE 1284 (ECP) parallel interfaces supporting Microsoft 'Plug and Play' and USB

Operating System Compatibility:

Windows 95/98/Me/NT4/2000/XP, Linux, Macintosh OS9x, OSX NetWare® IPX/SPX; IPP; TCP/IP; EtherTalk®; SNMP, Novell NDS, Novell NDPS

Paper Handling Standard Paper Input: 500-sheet paper feeder and 250-sheet Universal feeder

Maximum paper input: 1750 sheets Standard Paper Output: 250-sheet face-down output tray

Duplex Printing: manual (automatic optional)

Paper Sizes Supported:

250-sheet universal feeder: A3, A4, A5, 12 x 18" (A3 Plus), Folio (A4 Plus), Statement, Oversized, B4, Letter, Executive, B5(JIS), B5(ISO), 8 x 10", Foolscap, SP Folio, Legal, 11 x 17", Postcard, Govt Legal, Govt Letter, Com 10 envelope, DL, Monarch, C5, C6, Japanese Chou 3, Japanese Chou 4, Chinese Kai 8, Chinese Kai 16, Chinese Kai 32, Custom 500-sheet paper feeder: A3, A4, B4, Letter, B5(JIS), Legal, Ledger

Printable Area: Guaranteed: 4 mm from all edges of the paper; 7 mm for 12" x 18" (A3 Plus) and oversized Paper Weights: Plain paper: 64 – 90 g/m²

Princk stock: 90 – 210 g/m² Print Media: Plain paper, Recycled paper, thick stock, OHP transparencies, laser-quality labels, envelopes and Japanese Post Office standard postcards

Physical

Type: Laser printer with internal controller

Dimensions w/input & output trays extended (WxDxH): 628 mm x 594 mm x 564 mm Weight: w/o consumables: 47.2 kg; w/consumables 56.8 kg Carton Dimensions: 932 mm x 760 mm x 1110 mm Weight (as shipped): 79.8 kg

Electrical

Power Requirements: 220/240V Model: 220/240 VAC ±10%, 50/60 ±3% Hz Power Consumption (220V/240V): 1,400W max Energy Star Compliant

Model Specific Features

Features	magicolor [®] 7300	
Print Speed – Colour/Monochrome	A4 up to 21 ppm	
Print Speed – Colour/Monochrome	A3 up to 11 ppm	
Resolution	Up to 600 x 600 dpi Photo ART™ con-tone	
Memory (RAM)	256 MB	
250-Sheet Universal feeder	•	
500-Sheet Paper feeder	•	
Optional 500-Sheet Paper feeder (max 2x)	* 1710537-001	
250-Sheet Face-Down Output Tray	•	
Automatic Duplexing/Manual feeder	* 1710538-100	
Printer Cabinet	* 1710561-100	
10BaseT/100BaseTX Ethernet	•	
USB Interface	•	
IEEE 1284 Parallel Interface	•	
Internal hard drive	* 2600717-100	

* Optional • Standard

Environmental

Temperature Requirements: Operating: 10° to 32.5° C Non-Operating: 0° to 35° Humidity: Operating: 15% to 85% RH Non-Operating: 10% to 85% RH Noise Levels: Operating: <54 dB(A); Standby <40dB(A)

Regulatory/Safety Conformity UL, cUL, FCC-B, DOC, VCCI, CE Marking, C-Tick, CDRH

Consumables

Printer ships with one Cyan, Magenta, Yellow and Black toner cartridge (yield continuous printing 7,500 pages A4 @ 5% coverage; yield intermitted printing 6,000 pages A4 @ 5% coverage); CMYK Print Units (yield continuous printing 32,500 pages A4 @ 5% coverage; yield intermitted printing 26,000 pages A4 @ 5% coverage) and waste toner box (yield up to 8,000 pages per box, two boxes per sales unit). The yield of replacement consumables is identical to the starting kit.

Warranty Period and Conditions 1 year on-site warranty (within EU)

Extended Warranty	magicolor® 7300	
1 year on-site warranty	1760442-001	
Repair outside warranty	1760442-005	

¹ The stated life expectancy of each consumable in your printer is based on printing under specific operating conditions such as page coverage for a particular page size (5% coverage of A4). The actual consumables life will vary depending on the use and other printing variables including page coverage, page size, media type, continuous or intermittent printing, ambient temperature and humidity.

² The addition of some options, in some combinations may cause the product to become non-compliant. Energy Star compliance does not represent an EPA endorsement of any product or service.
