GMP EXCELAM 1400/1600 COLD/RS 1600 COMBI/RS

Roll Laminators

EXCELAM 1400/1600 COLD/RS 1600 COMBI/RS

- Variable Speed Control
- Mounting Up to 13mm
- Transverse Cutting Knife
- Sub Heating System(Upper Roller): 1600 COMBI/RS
- Top Rewinder For Release Liner
- 58mm and 77mm Core Adaptor
- **Option**
  1. **U**nwinder(Paper **U**nwinder)
 2. **W**inder(Laminated Sheet **W**inder)

1600 COMBI/RS

Roll Laminators

EXCELAM COLD is the perfect machine to procedure wide range of service in a copy shop environment or as a print Finishing. Ideal for laminating posters, ink-jet prints, leaflets and maps with superb results and for truly professional mounting up to 13mm GMP LAMIFOAM (Foamboard).

Super laminating results on wide ranges of Cold laminating films from 25, 50 micron GMP Crystalex Film (Polyester Base Cold Film), including 75,100 micron GMP Pronex Cold UV Film (Soft Touch Cold Film). Features include variable speed and pressure adjust handle, for laminating thickness and pressure, mounting thickness setting.

SPECIFICATION

Model Name	1400COLD/RS	1600COLD/RS	1600COMBI/RS
Dimension (W/L/H)mm	1640/1205/668	1840/1205/668	1840/1205/668
Weights Lbs (kg)	675(150)	880(200)	900(205)
Max. Laminating Width (mm)	1400	1600	1600
Laminating Thickness (mm)	13	13	13
Laminating Speed (m/min)	2	2	3
Power Supply (V/Hz)	120, 230 / 50~60		
Power Consumptions (Watts) (120V / 220V)	0.6 / 0.4	0.6 / 0.4	0.6 / 8.3
Operating Temperature (°C)	0	0	0~120
